

Scientist in Genomic Medicine Research

The **Center of Excellence in Genomic Medicine Research** at **King Abdulaziz University** in Jeddah, Saudi Arabia, is seeking researchers and experts in science management for its 4 research programs:

1. Cancer Genomic Research Program;
2. Neurogenetic Research Program;
3. Preimplantation Genetic Research Program;
4. Stem Cell Research Program.

Responsibilities:

- Planning and conducting research projects within the above-mentioned fields;
- Establishing collaboration with leading genomic research institutions worldwide;
- Strengthening the Center's visibility and worldwide recognition by implementing modern instruments of science management and marketing;
- Contributing to establishing Jeddah as the leading scientific location in the Gulf Region.

Qualifications:

- 5 to 10 years of experience of research in the relevant fields;
- Relevant Master's Degree from a renowned University, PhD is an asset;
- Interest in working in a multinational environment;
- Strong English language skills

Duration:

Contracts will be issued for two years and can be renewed.

The Institution:

The **Center of Excellence in Genomic Medicine Research** belongs to the most accepted University in Saudi Arabia and enjoys strong support by the Ministry of Higher Education (MOHE) of the Kingdom. The vision of the institution is to establish a leading location for advanced research in human genetics and to contribute to the fight against genetically determined diseases, with a particular focus on health problems prevalent in the region. The Center is dedicated to the advancement of medicine and the translation of research findings into better health care. The equipment of the Center is excellent. More information can be obtained from the Center's website at www.kau.edu.sa.

The Location:

Jeddah, second biggest city in Saudi Arabia, is as a modern and thriving seaport on the coast of the Red Sea. Jeddah offers excellent quality of life and provides high standards of housing, education and leisure time activities.
